

## Call for Papers

### The 2025 IFIP WG 8.4 International Symposium on E-Business Information Systems Evolution (EBISION 2025)

In conjunction with [MobiSec 2025](#)

Hotel Emisia, Sapporo, Japan. December 16~18, 2025

<https://ebision.ifip-wg84.org/>

Organized and Hosted by IFIP WG 8.4

In cooperation with KIISC Research Group on 6G Security

*Theme: The Digital Great Transformation and Paradigm Shift in E-Business Information Systems*

## Overview

We are living in an era of **digital great transformation**, where revolutionary advances in technology are reshaping every dimension of E-Business. Artificial intelligence, quantum computing, 6G mobile communications, cloud ecosystems, robotics, blockchain, and Web 3.0 are no longer distant visions but emerging realities that are redefining how businesses and societies operate. These developments demand a **paradigm shift in E-Business Information Systems (EBIS)**—a shift that must be approached through truly multidisciplinary perspectives, spanning not only technology and organizations but also society, culture, consumers, and global infrastructures.

As the **flagship event of IFIP Working Group 8.4**, **EBISION 2025 provides an international forum** to explore this paradigm shift, share insights across disciplines, and envision the next stage of EBIS evolution. The symposium encourages contributions that highlight both **theoretical advancements** and **practical success stories**, demonstrating how innovations can be effectively translated into sustainable impact across industries, economies, and societies.

## Topics

Submissions are invited on (but not limited to) the following topics:

- Artificial Intelligence and Data-Driven Business Innovation
- Quantum-Safe and Powered EBIS
- 6G Networks and Ultra-Connected E-Business Ecosystems
- Cloud-Native Platforms and Multi-Cloud Resilience
- Blockchain, Decentralized Finance, and Web 3.0 Economies
- Robotics, Automation, and Smart Service Infrastructures
- Human-Centered and Consumer-Oriented EBIS Design
- Digital Culture and Global Trust Frameworks
- Case Studies and Success Stories in Diverse Industries
- Cyber-Physical Integration for EBIS
- Sustainability and Green E-Business Systems
- E-Business Governance, Policy, and Regulation
- Resilient and Adaptive EBIS Architectures
- Cybersecurity and Digital Trust in EBIS

- Future Research Paradigms for EBIS Evolution

### Important Dates

- Paper submission deadline: September 30, 2025 (KST/JST)
- Acceptance Notification: October 31, 2025 (KST/JST)
- Final version deadline: November 14, 2025 (KST/JST)

### Submission Guidelines

- The contributions to EBISION 2025 must be submitted to the conference submission system: <https://easychair.org/conferences?conf=ebision2025>
- Authors are invited to submit **original papers**. Submissions must not substantially overlap with work that any of the authors have published elsewhere, or that is simultaneously under review for another conference with proceedings.
- An accepted paper must be registered before the registration deadline and presented at the symposium. Failure to register by the deadline will result in automatic withdrawal of the paper from the proceedings and the program.
- Submissions must be **anonymous**. No author names, affiliations, acknowledgments, or obvious self-references should be included.
- The submission file must be in **PDF format**, prepared using the EasyChair LaTeX class file (US letter size) [Available at <https://easychair.org/publications/easychair.zip>] or the EasyChair Microsoft Word template [Available at <https://easychair.org/publications/easychair.docx>].
- The length of the submission must be **at least 5 pages and not exceed 20 pages** in EasyChair style, excluding the bibliography and clearly marked appendices.
- Submission of a paper implies that, should the paper be accepted, at least one of the authors will register and present the paper at the symposium.

### Proceedings & Post Publications

- The proceedings of **EBISION 2025** will be made available to all registered attendees. During the symposium, all accepted papers will appear in the **preliminary online proceedings** (non-official publication) for participant access.
- A **selected set of presented papers** will be invited for further revision and expansion, and subsequently considered for publication in the *Springer Communications in Computer and Information Science (CCIS)* series (Scopus/EI, pending).
- The remaining papers will also be invited to submit **extended and revised versions** for possible publication in **SCIE- or Scopus-indexed journals** (pending).

### Symposium Organization

- General Chair
  - Ilsun You (Kookmin University, South Korea)
- Program Chairs
  - Francesco Colace (University of Salerno, Italy)
  - Kunlin Tsai (Tunghai University, Taiwan)
- Organizing Chair
  - Jiyeon Kim (Gyeongsang National University, South Korea)
- Publicity Chair
  - Domenico Santaniello (University of Salerno, Italy)
- Publication Chair

- I Wayan Adi Juliawan Pawana (Udayana University, Indonesia)
- Program Committee
  - Mario Casillo (University of Salerno, Italy)
  - Yen-Lin Chen (National Taipei University of Technology, Taiwan)
  - Jaewon Choi (SoonChunHyang University, South Korea)
  - Sang Min Choi (Gyeongsang National University, South Korea)
  - John Chui (Hong Kong Metropolitan University, Hong Kong)
  - Jialiang Gu (Education University of Hong Kong, Hong Kong)
  - YounHee Han (Korea University of Technology and Education, South Korea)
  - Narit Hnoohom (Mahidol University, Thailand)
  - Kevin Hung (Hong Kong Metropolitan University, Hong Kong)
  - Anuchit Jitpattanakul (KMUTNB, Thailand)
  - Joongheon Kim (Korea University, South Korea)
  - Jean Lai (Hong Kong Baptist University, Hong Kong)
  - Jeng-Wei Lin (National Chi Nan University, Taiwan)
  - Linawati (Udayana University, Indonesia)
  - Angelo Lorusso (University of Salerno, Italy)
  - Sakorn Mekruksavanich (University of Phayao, Thailand )
  - Mert Nakip (IITIS, Polish Academy of Sciences, Poland)
  - Zhuzhong Qian (Nanjing University, China)
  - Gede Sukadarmika (Udayana University, Indonesia)
  - Feilong Tang (Shanghai Jiaotong University, China)
  - Alfredo Troiano (NetCom Group S.p.A., Italy)
  - Zhen-Yu Wu (National Kaohsiung University of Science and Technology, Taiwan)
  - Chao-Tung Yang (TungHai University, Taiwan)
  - Farah Yan (Hong Kong Metropolitan University, Hong Kong)
  - William Yeoh (Hong Kong Metropolitan University, Hong Kong)
  - Xingjun Zhang (Xi'an Jiaotong University, China)
